The University of Washington Husky Marching Band proudly dedicates this CD to Mr. Frazer Cook, who, for 50 years has lent his incredible talents as the band's announcer. As "the voice" of the HMB, Frazer has been adding his own colorful flare to the band's performances both home and away since being asked to audition for the position as a UW sophomore prior to the second game of the 1961 season. Thankfully, as they say, "The rest is history!"

Above: The Band honored Frazer in 2001 with a spot in a pregame show.

For over 80 years the University of Washington Husky Marching Band has been getting fans ready for the unforgettable experience of a fall afternoon in Husky Stadium.

Over the decades, young and old alike have cheered, danced and belted out the strains of a variety of tunes that have become synonymous with the entertaining, high energy style of the Husky Band's music.

No rousing rendition gets the fans on their feet quicker than, of course, TEQUILA! Since first introduced during the 1977 season, it, more than any other tune, has become synonymous with the entertaining, high energy music of the Husky Band.

So, what better way to get you in the mood for Husky football than with another impressive collection of some of the HMB's most memorable Montlake melodies!

Tequila!
